

REMARKS

Applicants have elected the invention of Group III, directed to an LCT display, including claims 10-15. Claims 20 and 35-37, also drawn to an LCD display, have been amended to place the claims into proper form for inclusion in Group III. More particularly, original claim 20 was directed to an LCD display incorporating a sheet or plate according to claim 16. Claim 20 has been amended to incorporate the subject matter of claim 16 therein. Claim 20 now is in stand-alone independent form. Claims 35-37 also were originally directed to an LCD display and were dependent on claims 17-19, respectively. Claims 17-19, now canceled, were dependent on claim 16, the subject matter of which is now incorporated into amended claim 20. Accordingly, claims 35-37 have been amended to incorporate the subject matter of claims 17-19, respectively, therein, and are now dependent on amended independent claim 20. New claims 39-41 have also been added.

The Examiner's favorable action and allowance of claims 10-15, 20, 35-37, and 39-41 are respectfully requested.

Respectfully submitted,
